In the pursuit of health®

## **Health Care Reform Required Notice:**

**Your student health insurance coverage, offered by Florida Blue, may not meet the minimum standards required by the health care reform law for the restrictions on annual dollar limits. The annual dollar limits ensure that consumers have sufficient access to medical benefits throughout the annual term of the policy. Restrictions for annual dollar limits for group and individual health insurance coverage are \$1.25 million for policy years before September 23, 2012; and \$2 million for policy years beginning on or after September 23, 2012 but before January 1, 2014. Restrictions for annual dollar limits for student health insurance coverage are \$100,000 for policy years before September 23, 2012, and \$500,000 for policy years beginning on or after September 23, 2012, but before January 1, 2014. Your student health insurance coverage put an annual limit of: \$500,000 on covered benefits. If you have any questions or concerns about this notice, contact Florida Blue at (800) 664-5295. Be advised that you may be eligible for coverage under a group health plan of a parent's employer or under a parent's individual health insurance policy if you are under the age of 26. Contact the plan administrator of the parent's employer plan or the parent's individual health insurance issuer for more information.**

## Welcome Florida State University students to the 2013-2014 policy year

All full-time students new to Florida State University are required to maintain adequate health insurance coverage. Returning (grandfathered) and eligible part-time students are encouraged to have health insurance as well. FSU is pleased to continue to offer, in partnership with Collegiate Risk Management and Florida Blue, health insurance that provides protection against illness and accidents as well as extensive wellness coverage at an affordable cost. The plan is comprehensive, covering hospitalization and a variety of health care services including care at the FSU Health and Wellness Center. The plan complies with federally mandated health care reform coverage limits of prescription coverage to the plan limit (\$500,000 for this year) and enhanced wellness care for women.

If you are already insured under another plan that provides coverage comparable to the University's plan, coverage under the University's plan may be waived. Students covered by an HMO should contact their carrier to see if an AWAY FROM HOME plan is available to cover routine and specialist care as well as urgent and emergency in Tallahassee. To see whether your existing coverage will meet the FSU health insurance requirements, review Private Insurance Requirements at the student insurance web site: [www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu).

Insurance purchase or waiver questions may be directed to the FSU insurance broker, Collegiate Risk Management (CRM) at **850-644-4250** or **800-922-3420** or at [crm@collegiaterisk.com](mailto:crm@collegiaterisk.com) or to the

Health Compliance Office at **850-644-3608** or at [healthcompliance@admin.fsu.edu](mailto:healthcompliance@admin.fsu.edu). Questions about benefits and utilization may be directed to Florida Blue customer service at **800-967-8938**. Make sure to tell them that you are a student at Florida State University when you call.

Read this brochure carefully. It has important information about who may apply and who must be covered by health insurance as a condition of enrollment at Florida State University. More information is available at the student insurance website: [www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu) and at the health center website: [www.healthcenter.fsu.edu](http://www.healthcenter.fsu.edu).

We wish you a healthy, successful year ahead.

Sincerely,

*Lesley Sacher*

# FSU Student – Domestic Medical Insurance Plan

The Florida State University Domestic Student Health Insurance Plan has been developed especially for Florida State University students. The Plan provides comprehensive coverage 24 hours a day for illnesses and injuries that occur on and off campus or when traveling around the world. The Plan includes special cost-saving features to keep the coverage as affordable as possible. This Student Health Plan does not cover participation in intercollegiate athletics. It does cover participation in intramural athletics and sports clubs. **If you have questions about enrollment, please call Collegiate Risk Management at 850-644-4250 or 800-922-3420.**

This summary brochure of the Blanket Accident and Sickness Medical Expense benefits available for Florida State University students and their eligible dependents has been prepared by Florida Blue. This brochure is not an insurance contract and nothing in this brochure shall override the actual benefits or eligibility criteria under the Florida State University Student Medical Insurance Plan. You may contact Florida Blue's Customer Service Department at 800-664-5295 if you have any questions after you have enrolled in the plan. References to "we", "us" and "our" throughout refer to Florida Blue. The benefit booklet is available on-line at [collegiaterisk.com](http://collegiaterisk.com), [www.healthcenter.fsu.edu](http://www.healthcenter.fsu.edu) or [www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu). A printed copy may be requested from Collegiate Risk Management.

This brochure has been created to provide a summary of benefits and key features of the benefit plan. Please familiarize yourself with the benefits as well as eligibility and enrollment processes. Throughout this brochure we have made reference to the Benefit Booklet and Master Policy. The Benefit Booklet and the Master Policy are available online for students to review the plan details and regulations at [www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu).

## The Health and Wellness Center

The Health and Wellness Center of University Health Services (UHS), Florida State University's fully accredited primary care center, provides medical care and outreach programs through a team of dedicated professionals. The clinicians and staff of the Wellness Center recognize the importance of personal care and individualized attention, are on the cutting edge of technology and stay current with the ever-changing discipline of collegiate medical services. The Wellness Center provides a variety of outpatient services, including general medical care, nutrition services, STI (sexually transmitted infections) and HIV testing, women's care, radiology, allergy and travel clinics, physical therapy and psychiatry. Additionally, the Wellness Center houses an on-site laboratory. Prescriptions may be filled at any pharmacy. Using in-network pharmacies will make your prescription benefit go further.

Patients' health care needs can best be addressed when the team of health care providers at University Health Services manages the treatment. Services rendered at the Wellness Center are payable at 100% with waiver of the annual Deductible. Students are encouraged to use the Wellness Center. It will save you money. If you wish to go to an outside provider, however, no referral is necessary.

**The Health and Wellness Center** is open 8 am – 6 pm Monday through Thursday, 8 am – 4 pm Friday and Saturday, during the fall and spring semesters. There are no Sunday hours. To make an appointment, call the Central Appointment Unit at (850) 644-4567. Arrive at least 10 minutes before your scheduled appointment time. No show charges are assessed for missed appointments or for appointments not cancelled within the established time limits for the clinics. Check with the clinic for specific cancellation requirements. **Walk-ins meeting the following emergency criteria will be seen immediately: bleeding excessively, persistent vomiting, difficulty breathing, possible fracture, chest pain, fever over 101 degrees or an extremely swollen sore throat. Walk-ins should check in at the Triage Clinic on the first floor.**

## Florida State University - University Health Services

For students enrolled in the FSU Student Medical Insurance Plan, the deductible will be waived and Covered Services under the plan will be paid at 100% after any applicable co-pay when treatment is rendered at University Health Services. Students, post doctoral fellows, visiting scholars, their spouses and dependent children **over** the age of 13 may receive services at University Health Services. Students who need to seek treatment **after hours** are referred to local In-Network after-hours care offices. **[Click here to view our After Hours Brochure](#)**, which has directions to local hospitals and contact information for Urgent Care and Walk-in clinics. Students may access any of these Urgent Care Locations for a co-pay of \$50 during any of their business hours.

Students are reminded to use the emergency room for life-threatening emergency situations only. The emergency room is the most expensive venue for health care. Understand that the co-pay for using the emergency room is significantly larger than routine office visit co-pays. That co-pay will be waived **only** if you are admitted to the hospital.

### Requirements to be Covered

Full time students new to Florida State University (undergrads taking at least 12 hours, grads taking at least 9 hours or anyone taking at least 6 hours in the summer sessions) **must** either **enroll** in the University sponsored health insurance plan **or waive** enrollment in the plan by showing proof of other comparable health insurance before orientation **and** once each year while enrolled at Florida State University. Private insurance requirements are listed on the insurance web site on the home page. Comparable coverage must have **at least the same coverage dates** as the student insurance plans. If proof of comparable coverage is not provided to the University by the deadlines listed on the student insurance website: **[www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu)**, the student's ability to register will be blocked until proof of

adequate insurance coverage is provided or the student enrolls in the university-sponsored health insurance Plan. **For the purposes of health insurance only, students on a J-1 or F-1 visa must purchase the international plan.** All other students select the domestic plan.

### Student Eligibility Requirements for Coverage

To be eligible for this health insurance, students must physically and actively attend classes on campus during the first 31 calendar days of the term for which coverage was purchased. What that means is that if you purchase the annual or fall only coverage, then your eligibility requirement will be met on the 32nd day of the fall term. Those who purchase the fall only coverage must meet the eligibility requirement again for the spring/summer coverage by physically, actively attending classes on campus during the first 31 calendar days of the spring term. If you do not meet the eligibility requirement, Florida Blue's only obligation is to refund the premium, less any claims paid. On line students may not purchase this health insurance.

We will not provide coverage and benefits to any individual who would not have been entitled to enroll with us, had accurate and complete information been provided on a timely basis. In such cases, we may require you or an individual legally responsible for you to reimburse us for any payments we made on your behalf.

### General Rules for Enrollment

Eligible students, post doctoral fellows, visiting scholars and dependents may enroll in coverage in the Domestic Student Medical Insurance Plan according to the provisions specified in the Benefit Booklet. Any eligible individual, who is not properly enrolled with us, will not be covered under this Plan. We will have no obligation whatsoever to any individual who is not properly enrolled.

## To Enroll In The Plan:

Go to [www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu). Click on the flashing red and black link above the backpack. Log in. Select *Purchase FSU Insurance*. Follow the prompts. **Open enrollment dates for the plan are posted on the student insurance web site.**

When your contract/policy number has been received from Florida Blue, a new button "Print Insurance Card " appears beneath the "Purchase FSU Insurance" button for you to print a temporary insurance card.

To make certain your permanent insurance card will reach you, keep your US Postal Service approved local mailing address up to date in your myStudentCentral account. Make certain to include any apartment number.

**Student Enrollment and the Waiver can ONLY BE COMPLETED ON-LINE**

## Dependent Eligibility Requirements for Coverage

Dependent coverage is available only if a student is insured under the plan. Dependent coverage period must mirror the student coverage period. Dependents under the age of 13 can be covered but cannot access services at UHS.

An eligible dependent who can be covered under this Plan is:

- (a) the covered student's spouse, under a legally valid, existing marriage, and/or
- (b) the covered student's child(ren) under 30 years of age living with and principally supported by the covered student, or principally supported by the covered student and is a full-time/part-time student.

The term "child" includes a covered student's step-child, adopted child and/or a child for whom a petition for adoption has been completed and who is residing with the covered student and who is chiefly dependent on the covered student for his or her full support.

The term dependent **does not** include a person who is: (a) an eligible student; or (b) a member of the armed forces.

## Enroll Dependents

Dependents coverage must be selected at the time the student plan is selected and must mirror the coverage purchased for the student. Prorated coverage to add dependents outside of open enrollment must be done through the Health Compliance Office. When dependent coverage is purchased for the first time, dependent information (name, gender, date of birth, and relationship to the insured) must be provided. When you purchase continuing coverage during open enrollment, you will be given the option to have your dependent information carried forward in the system as well as the option to add/delete dependent coverage. Review dependent coverage every time you renew your plan.

## Electing Coverage

When applying for coverage under the Florida State University program, the following categories apply. **Please note, the student must be enrolled for the dependents to be covered:**

- 1. Student Only Coverage** - covers the eligible student only.
- 2. Spouse Coverage (Additional Charge)** - covers the student's spouse under a legally valid, existing marriage.
- 3. Each Child Coverage (Additional Charge)** - covers a single eligible child only **OR All Children (Additional Charge)** - covers two or more eligible children only.

**The total premium amount will be the SUM of the premium selections made, 1 + 2 + 3 = PREMIUM.**

## Open Enrollment Period

Is the period of time during which each eligible student is given an opportunity to select coverage. The period is established by the school and us, and will end at the end of the drop/add period for which you are enrolling.

## Purchasing the Insurance After Open Enrollment Closes

Contact the Health Compliance Office, **850-644-3608**. Students may enroll after the open enrollment deadline only if there has been a significant life change.

**Qualifying Events:** A qualifying event will allow the student or dependant(s) to be added to the Plan as of the date of the event. The premium will be pro-rated for the balance of the term when the student and/or dependent is added. A qualifying event would be loss of health coverage under another health plan, marriage, divorce, the birth or adoption of a child. Please note that application for coverage due to the qualifying event and proof of the qualifying event must be submitted to The Health Compliance Office at University Health Services within 30 days of the qualifying event.

Students must actively attend classes for at least the first 31 calendar days after the date for which coverage is purchased to meet the eligibility requirement for coverage. If the eligibility requirement is not met, Florida Blue's only obligation is to refund the premium, less any claims paid.

## Newborn Infant Coverage and Adopted Child Coverage (upon completion of adoption proceedings).

Newborn children are covered for Injury and Sickness, including necessary care or treatment of medically diagnosed congenital defects, birth abnormalities or prematurity. Coverage also includes newborn wellness screenings and transportation costs of the newborn to and from the nearest available facility appropriately staffed and equipped to treat the newborn's condition if the transportation is certified by the attending physician as necessary to protect the health and safety of the newborn child. The

coverage of transportation costs may not exceed the Reasonable Charge, up to \$1,000. Newborn wellness screenings conducted during the first four days of life are also covered.

Timely notification of the birth or an adoption of the child must be received by Florida Blue or Collegiate Risk Management within the first 31 days after the date of birth or upon completion of adoption proceedings. Timely notification to Florida Blue should be made through the manager of the Health Compliance Office, **850-644-3608**. If timely notice is given, no additional premium will be charged for coverage of the newborn or newly adopted child for the 31 days after birth or completion of adoption proceedings. If notice is made between 32 and 59 days of the birth/adoption, the prorated premium will be calculated from the date of birth/adoption. **If notice is not given within 60 days of the birth/adoption of the child, coverage may be denied for the child due to the failure of the insured to make timely notification to Florida Blue for the birth/adoption of the child. Coverage may then be purchased for the child during the next open enrollment period.**

**Child wellness visits are exempt from the deductible. Doctor visits for illness or injury are subject to the plan deductible. All services in location of office are subject to copayment only.**

## Post Doctoral Fellows/Visiting Scholars

The application is available at **[www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu)** or **[www.collegiaterisk.com](http://www.collegiaterisk.com)**. **Attach a copy of your appointment letter** and a Third Party/Agency Billing Agreement, if applicable. The Third Party/Agency Billing Agreement is available at the CRM web site. Submit the application and other required documents to CRM as directed on the application instructions.

All factual representations on the Enrollment Forms must be accurate and complete. Any false, incomplete, or misleading information provided during the enrollment process, or at any other time, may result, in addition to any legal right(s) we may have, in disqualification for, termination, or rescission of coverage.

## **Termination of a Covered Student's Coverage**

If you withdraw from Florida State University within the first 31 calendar days of the semester, you will receive a full refund of the insurance premium unless you or your covered dependent files a medical claim. If you withdraw from Florida State University after the first 31 calendar days of the semester, your coverage will remain in effect until the end of the term for which you selected coverage.

No refunds will be granted after the first 31 calendar days of the semester. This applies to students on leave of absence for medical or academic reasons, graduating students, and students choosing to enroll in another plan during the policy period. Understand that coverage begins on August 15, January 1 or May 10. The semester may begin on a different date. The 31 days is calculated from the first day of the semester.

A covered person entering the armed forces of any country will not be covered under the Plan as of the date of such entry. A pro-rata refund of premium will be made for such person, and any of the student's covered dependents, upon written request submitted through Collegiate Risk Management for post doctoral fellows or visiting scholars or the Health Compliance Office for students and received by Florida Blue within 90 days of withdrawal from the school. It is the covered student's responsibility to submit timely application for cancellation of the plan and refund of the premium.

A covered student's coverage will automatically terminate at 12:01 a.m.:

1. on the date the School Master Policy terminates;
2. on the last day of the period for which a premium has been paid;
3. on the date the covered student's coverage is terminated for cause (see the Termination of Coverage for Cause subsection of the Benefit Booklet);
4. on the date specified by the school that the covered student's coverage terminates; or
5. on the date the covered student enters the armed forces of any country. A pro-rata refund

of premium will be made for such student upon written request, if the referenced request is made within 90 days of the withdrawal from the school.

## **Termination of a Covered Dependent's Coverage**

A covered dependent's coverage will automatically terminate at 12:01 a.m.:

1. on the date the School Master Policy terminates;
2. on the date the covered student's coverage terminates for any reason;
3. on the date the covered dependent fails to meet any of the applicable eligibility requirements (e.g., a child reaches the limiting age, or a spouse is divorced from the covered student);
4. on the date we specify that the covered dependent's coverage is terminated by us for cause;
5. on the date specified by the school that the covered dependent's coverage terminates; or
6. on the date the covered dependent enters the armed forces. A pro-rata refund of premium will be made for such dependent upon written request, if the referenced request is made within 90 days of the dependent's entry in the armed forces.

## **Termination of Coverage for Cause**

If, in our opinion, any of the following events occur, we may terminate an individual's coverage for cause:

1. fraud, material misrepresentation or omission in applying for coverage or benefits;
2. the knowing misrepresentation, omission or the giving of false information by or on your behalf; or
3. misuse of the identification card.

## **Physicians, Hospitals, and Other Providers**

### **Introduction**

It is important for you to understand how the provider you select and the setting in which you

receive health care services affects how much you are responsible for paying under this plan. The benefit booklet, along with the schedule of benefits and our provider directory, describes the health care provider options available to you and our payment rules for services you receive

As used throughout this section, “out-of-pocket expenses” or “out-of-pocket” refers to the amounts you are required to pay, including any applicable copayments, the benefit period deductible and/or coinsurance amounts for covered services.

You are entitled to preferred provider type benefits when you receive covered services from in-network providers. You are entitled to traditional program type benefits at the point of service when you receive covered services from traditional program providers.

## **Provider Participation Status**

In order to help control health care costs, we have entered into contracts with certain providers to participate in NetworkBlue, one of our preferred provider networks. We have also entered into contracts with certain providers to participate in our traditional program. The allowances we establish are called allowed amounts. The amount you are responsible for paying out-of-pocket for a particular covered service is based on our allowed amount for that covered service. Your schedule of benefits designates the panel of NetworkBlue providers who are participating for your specific plan of coverage. **This is important because these providers are considered your in-network providers for purposes of this coverage.**

For additional information regarding NetworkBlue and traditional program providers, refer to the benefit booklet.

## **To verify if a Provider is In-Network for your plan you can**

Access the BlueOptions (NetworkBlue) provider directory on our website at [www.floridablue.com](http://www.floridablue.com);

## **In-Network Providers**

When you use in-network providers, your out-of-pocket expenses for covered services will be lower. We will base our payment on the allowed amount at the coinsurance percentage listed in the schedule of benefits. All services in location of office subject to copayment only.

## **Out-of-Network Providers**

When you use out-of-network providers, your out-of-pocket expenses for covered services will be higher. We will base our payment on the allowed amount at the coinsurance percentage listed in the schedule of benefits. Further, if the out-of-network provider is a traditional program provider, our payment to such provider may be under the terms of that provider’s contract.

## **Providers Outside the State of Florida**

In most cases when you travel outside the state of Florida, you can take advantage of savings the local Blue Plan has negotiated with doctors and hospitals in the area. For covered services, you should not have to pay any amount above these negotiated rates. To find nearby doctors and hospitals outside Florida, call BlueCard® Access at **1-800-810-BLUE (2583)** or visit the BlueCard Doctor and Hospital Finder at [www.bcbs.com](http://www.bcbs.com).

## **Medical Transportation Benefits provided through the BlueCard Worldwide® program.**

## **Repatriation Benefit \$50,000 Maximum Benefit**

If the covered person dies, benefits will be paid up to \$50,000 for preparing and transporting the remains of the deceased’s body to a funeral facility in the home country of the deceased. (“Repatriation of Remains”) If the covered person requires treatment as a result of a covered injury or illness and wishes to return to their home country for ongoing treatment after stabilization, benefits will be paid up to \$50,000 for transporting

the person back to the home country. ("Medical Repatriation" or "Repatriation of the Person") This benefit is limited to the maximum benefit specified above. No additional benefits will be paid under the Student Medical Insurance Plan for Repatriation. All medical transportation services must be authorized in advanced by calling **1-800-810-2583**. When calling from abroad please call collect to **1-804-673-1177**.

## **Medical Evacuation Benefit \$50,000 Maximum Benefit**

In the event a covered person requires treatment as a result of a covered injury or illness and the appropriate medical facility is not locally available for medically necessary treatment, or if the local medical facility can no longer provide the medically necessary treatment, the covered person will be evacuated to the nearest appropriate medical facility. Expenses for evacuation, accompanying physician or nurse, services or supplies which are medically necessary for evacuation, and fees necessary to arrange for the evacuation, are covered up to \$50,000. The attending physician must certify in writing that the evacuation is medically necessary. The **initial air or ground ambulance to a medical facility is not included in this benefit**. All medical evacuation services must be authorized in advanced by calling **1-800-810-2583**. When calling from abroad please call collect to **1-804-673-1177**.

## **International Benefits for Domestic Students**

BlueCard® Worldwide has you covered when you travel or study abroad. Through the BlueCard® Worldwide Program, you have access to doctors and hospitals in more than 200 countries and territories around the world. All medical services and medical transportation must be authorized when traveling abroad by calling **1-800-810-2583**. When calling from abroad please call collect to **1-804-673-1177**.

## **Needlestick Coverage for Medical Students and Pre-Health**

Needlestick Coverage is available for all FSU students who are at risk for body fluid and blood borne pathogen exposure. Needlestick coverage is an included benefit for all students covered by any of the Florida Blue Student Health Plans. Treatment for needlestick claims is paid at 100% regardless of location of treatment (UHS waives any applicable copay).

**Premium rates and enrollment dates for 2013-2014 are posted on the home page of the student insurance web site, [www.studentinsurance.fsu.edu](http://www.studentinsurance.fsu.edu)**
