## ELIGIBILITY

All full-time students registered at Millsaps College for 12 or more credits will be automatically enrolled in the Millsaps College Student Health Insurance Plan (“the Plan”) and the premium for the insurance will be billed to the student’s account unless proof of current comparable health insurance coverage is provided by the waiver deadline. To waive coverage under the Plan, students must complete the online waiver form at [www.BollingerColleges.com/Millsaps](http://www.BollingerColleges.com/Millsaps). The deadline for submitting a waiver in the Fall for the Annual coverage term is **October 2, 2015**. For new students to the College in the Spring/Summer, the waiver deadline is **February 19, 2016** and for new students to the College in the Summer, the waiver deadline is **June 3, 2016**. No waivers will be accepted after the waiver deadline.

A student who initially waived coverage under the Plan but subsequently experiences ineligibility under another creditable coverage may elect to enroll for coverage under the Plan within 31 days of the date of ineligibility under another creditable coverage. Proof of ineligibility under the other creditable coverage is required at time of enrollment. Contact Bollinger Specialty Group at 1-800-526-1379 for rates and enrollment information.

An eligible student must actively attend classes at the Policyholder’s school for the first 45 days of the period for which he or she is enrolled. Students who withdraw after such 45 days will remain covered under the Plan and no refund will be made. Home study, correspondence, Internet and television (TV) courses do not fulfill the Eligibility requirements that the student actively attended classes. Eligibility requirements must be met each time premium is paid to continue coverage. The Company maintains the right to investigate student status and attendance records to verify that the Plan eligibility requirements have been met. If it is discovered that the Plan eligibility requirements have not been met, the Company’s only obligation is to refund premium less any claims paid.

Eligible students who do enroll may also enroll their eligible Dependents (see definition of Dependent). A Dependent may become eligible for coverage under the Plan only when the student becomes eligible or within 31 days of marriage, birth or adoption.

To enroll a Dependent, please print and complete the Dependent enrollment form found on the website

[www.BollingerColleges.com/Millsaps](http://www.BollingerColleges.com/Millsaps). Make your check or money order payable to Bollinger Inc. and mail it along with the form to Bollinger Specialty Group, PO Box 1329, Morristown, NJ 07962. Dependent enrollment forms must be received by **October 31, 2015**.

## EFFECTIVE AND TERMINATION DATES

The Policy on file with the Policyholder becomes effective at 12:01 a.m. on August 20, 2015 and terminates at 11:59 p.m. on August 19, 2016.

The coverage of an eligible student, including the student who initially waived coverage and subsequently enrolls within 31 days of ineligibility under another creditable coverage, shall take effect on the latest of the following dates: (1) the Policy Effective Date; (2) the day after the date for which the first premium for the Covered Student's coverage is received by the Company; (3) the date the Policyholder's term of coverage begins; or (4) the date the student becomes a member of an eligible class of persons as described in the Description of Class section of the Schedule of Benefits in the Policy on file with the Policyholder.

A covered Dependent's coverage shall take effect on the later the following dates: (1) the date the coverage for the Covered Student becomes effective; or (2) the date the Dependent is enrolled for coverage, provided premium is paid when due.

Insurance for a Covered Student will end at 11:59 p.m. on the first of these to occur:

- (a) the date the Policy terminates;
- (b) the last day for which any required premium has been paid; or
- (c) the date on which the Covered Student withdraws from the school:
  1. because of entering the armed forces of any country (premiums will be refunded on a pro-rata basis (less any claims paid) when written request is made within 30 days of leaving school); or
  2. when the withdrawal from school is during the first 45 days of the period for which the student is enrolled.

A full refund of premium will be made (less any claims paid) when written request is made within 30 days of leaving school. If withdrawal from the Policyholder's school is for other than (1) or (2) above, no premium refund will be made. Students will be covered for the Policy term for which they are enrolled and for which premium has been paid.

Except as specifically provided in the Policy, insurance for a Covered Student's Dependent will end when insurance for the Covered Student ends.

- (e) reliable evidence shows that the prevailing opinion among experts regarding the drug, device, medical care or treatment is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with standard means of treatment of diagnosis.

Reliable evidence means: published reports and articles in authoritative medical and scientific literature; written protocol or protocols by the treating facility studying substantially the same drug, device, medical care or treatment; or the written informed consent used by the treating facility or other facility studying substantially the same drug, device or medical care or treatment. Eligible Expenses will be considered in accordance with the drug, device, medical care or treatment at the time the Expense is incurred.

"Medical Necessity/Medically Necessary" means that a drug, device, procedure, service or supply is necessary and appropriate for the diagnosis or treatment of a Sickness or Injury based on generally accepted current medical practice in the United States at the time it is provided.

A service or supply will not be considered as Medically Necessary if:

## PPO PROVIDERS

Covered Persons insured under the Plan may choose to be treated within or outside of the First Health Preferred Provider Organization (“PPO”). Reimbursement rates will vary according to the source of care as described under the Schedule of Benefits. Assignment of a PPO Provider does not guarantee eligibility or right to student health benefits. **It is the Covered Person’s responsibility to verify that a provider is a Participating Provider prior to services being rendered.** Please be aware that if a Covered Person is treated at a PPO Hospital, it does not mean that all providers at the Hospital are PPO providers. In addition, if a Covered Person is referred by a PPO provider to another provider or facility, it does not mean that the provider or the facility to which the Covered Person is referred is also a PPO provider. For treatment or care received outside the PPO geographic service area, benefits for Eligible Expenses will be payable at the Out of Network level. If treatment or care is received in a non-PPO facility because of an Emergency Medical Condition, benefits for Eligible Expense are payable at the In Network level. Benefits payable under the Plan for covered services rendered through the PPO network shall be based on the Allowable Charges of its providers. Benefits payable under the Plan for covered services rendered outside the PPO network shall be based on the Reasonable and Customary charges of the providers. To locate a PPO Provider, please call 1-800-226-5116 or visit [www.MyFirstHealth.com](http://www.MyFirstHealth.com).
