## Dental Coverage – BASIC

Assurant Supplemental Coverage  
» Pays cash right to you

Level 1 - Basic

### Get cash to help pay for dental checkups and treatment

Regular dental care can mean more than a brighter smile – it could also mean better overall health. Dental Coverage from Assurant Health pays cash benefits when you have dental checkups and treatment – making it easier to keep up with regular visits to the dentist and lead a healthier life.

### Robert’s story

Robert, a 35-year-old father, had avoided the dentist whenever possible, that is until unusual symptoms led to a diagnosis of gingivitis – early gum disease that can get worse, and has been connected with life-threatening conditions like heart disease and stroke.

Fortunately, Robert’s gingivitis was easy to treat, and he has since become committed to regularly brushing, flossing and going to the dentist – good habits he’s teaching his young son.

Having a Dental Coverage Basic plan and its \$75 benefit for each preventive visit has made it easier for Robert to keep six-month checkups in the schedule for both him and his son.

Here are the charges from a recent preventive visit for Robert:

Oral exam and bitewing x-rays: \$118	
Plan pays	\$ 75
Robert pays	\$ 43

Robert paid less than **\$29/month** to add a Dental Coverage Basic plan for himself and his son.

Individual rates start\* at around **\$9/month**.

Not an actual case – presented for illustration only. Actual services may vary. Sample premium rate is for Dental Coverage Basic for a 35-year-old and one child, residing in Tennessee.

\* Sample premium rate is the per-adult rate for a Dental Coverage Basic plan that covers two adults, age 30, residing in North Carolina, and is purchased along with an Assurant Health major medical or Assurant Health Access<sup>SM</sup> plan.
